Mail-Address: info@woernlein.de

Graphical artwork 2017

19.11.2016

The quotation for prints assumes the receipt of graphical artwork ready for printing. This demand is to apply on textile banners as well as prints on paper or adhesive foil.

Please notice the following information for printing data transfer:

Printing data sets: printable PDF-files (up to PDF/X-3),
 and also
 TIF, JPG, EPS files (vectorial layouted, fonts converted to
 curves),

Please notice: Printing data sets made in PowerPoint,
Word or Excel cannot be used for prints.

Layout program: Please name your layout program

Operating system: Do you work on Mac (Apple) or PC (Windows)?

Bleed: Please layout your graphical artwork with bleed:

Prints smaller than 1x1m with 10mm on all sides, and
prints larger than 1x1m with 20mm on all sides.

Only for prints on textile banners: without bleed

Scale: Please layout in the scale 1:1 or 1:10
(except from prints that are smaller than 1 x 1m,
then use the scale 1:1)

Resolution: Resolution for scale **1:10 720 – 1000 dpi**
Resolution for scale **1:1 72 – 100 dpi**

Colour code: RGB or CMYK

Colour specifications: For your logos, large colour backgrounds etc.
please tell us the colour reference number:
Pantone-, HKS- colour number etc.
These are special colours that can only be printed similar
at the best.

Data transfer: CD/DVD, email (max. 10 MB)
or via our FTP-server
